For (ii); Good technical training of University standard along with practical engineering experience, preferably with knowledge of Electrical Engineering as applied in Mining. University or Technical College lecturing experience in a superior post desirable.

For (iii) *Essential* high academic or professional qualifications in Applied Chemistry (Mineral Chemistry or Metallurgical Chemistry) and laboratory or industrial experience in those branches; *desirable* :—research work in the above branches, teaching experience, preferably in a technical college or university department of Applied Chemistry.

For (iv) *Essential* Honours Degree or First Class Diploma of a recognised technical institution in Mining Engineering; First Class Coal Mine Manager's Certificate. Teaching experience in Mining subjects in a responsible post is additional desirable qualification.

(*b*) *Qualification* :—

(i) *Lecturer in Mineralogy and Petrology.*—(*a*) academic qualifications in Geology and a good record work and original research in Mineralogy and Petrolo Teaching experience in geological subjects especial Mineralogy, Petrology and Economic Geology.

(ii) *Lecturer in Startigraphy and Palaeontology* High academic qualifications in Geology and a good rec field work and original research in stratigraphy and pa tology. (*b*) Teaching experience in geological su especially in Stratigraphy, Palaeontology and Stru Geology.

(iii) *Lecturer in Coal Mining and Mining Machin* First Class Colliery Manager's Certificate, Degree Diplo Mining Engineering, at least five years' practical expe in positions of executive authority in coal mines, abi expound the principles of coal mining, mine venti haulage, winding, pumping, generation, transmission ar of compressed air, coal face machinery, etc. Teaching e ence desirable.

(iv) *Lecturer in Mine Surveying.*—Science Gradu Indian or Foreign University. First Class Diploma or I in Mining, Engineering and Geology. Three years' expe in Mine Surveying. Experience of lecturing on the s in high grade institutions will be regarded as add qualifications.

(v) *Lecturer in Mineral Dressing.*—First Class Di or Degree in Mining Engineering. Three years' experie Mineral-dressing operations. Experience in lecturing research in the subject an additional desirable qualificat

(vi) *Lecturer in Metalliferous Mining.*—First Diploma or Degree in Mining Engineer. Three experience in positions of executive authority in metal m and ability to expound the principles of metal mining. E ence in teaching an additional desirable qualification.

(vii) *Lecturer in Mechanical Engineering.*—B.Sc. ( or equivalent Diploma in Mechanical Engineering. At five years' experience of which approximately two s preferably be in teaching Machine drawing and lectur Mechanical Engineering, Heat Engines, Strength of Ma and Theory of Structurers; Corporate Membership (o years' standing) of a charterd (Mechanical) Ergin Institute. Practical experience of Mining Machinery v considered an additional desirable qualification.

(viii) *Lecturer in Electrical Engineering.*—B.Sc. ( or equivalent Diplomas' in Electrical Engineering at lea years' experience, of which approximately two should pref be in teaching Machine Drawing, and lecturing on Ele Engineering, Electricity applied to mines, Power Sup Mines and Hydraulics Corporate Membership (of two standing) of a chartered (Electrical) Engineering Ins Practical experience of Mining Machinery will be cons an additional desirable qualification.

(ix) *Lecturer in Assaying.*—Professional diplo honours degree in Chemistry, with specialisation in an of minerals including ores, coal, oils, gases and water. be conversant with the chemical aspects of mines expl fires, coal dusts, etc. At least five years' lecturing exp in a responsible post teaching the above subjects on de diploma standard.

IV. *Lecturer Grade II in Electrical Engineering*—(

(*a*) *Pay.*—Rs. 300—25—500—30—560.

(*b*) *Qualifications*—B.Sc. (Engg.) or equivalent Di in Electrical Engineering at least two years' practical ence; Preference will be given to one possessing experience in teaching Machine Drawing, and lectur Electrical Engineering, Heat Engines, Strength of Ma and Theory of Structures. Practical experience of M Machinery will be considered an additional desirable qu tions.

V. *All the above posts are permanent with exception*

(*a*) Lecturer Grade I in Coal Mining and Mining M nery; and

(*b*) Lecturer Grade II in Electrical Engineering; are temporary.

VI. *Class of Service.*—

The Principal and Professors—General Central S Class I.

Lecturers Grade I—General Central Service II (Gaz

Lecturer Grade II—General Central Service Cl (Non-Gazetted).

VII. *Nationality*—

er territory adjacent to India in whose favour declara- eligibility have been issued by the Government of the on of India.

*Age—*

*Principal and Professors.*—Preferable between 35— s.

*Lecturers Grade I.*—Preferably between 30—40 years.

*Lecturer Grade II.*—Preferably below 35 years.

The posts are non-pensionable but carry benefits ributory Provident Fund (India) on confirmation.

*Probation Period.*

*Principal.*—Two years.
